Hi, my name is Erick and I am an aspiring filmmaker.

There is a video contest that is going on right now and I am in need of a Subaru...possible driver.

There's no pay upfront, but if we win you will be compensated \$1,000 just for letting me record (possibly drive if you're camera shy) your car.

As long as it is a Subaru, the year and model doesn't matter

The video will most likely be comedic, showing how much you love your Subaru.

The deadline is September 30th so I would like to start soon...no Subaru no video though :(

Worst case scenario we don't win and you are left with a video as an ode to your Subaru.

The shoot could probably be done in one day....couple of hours if it's prepped right.

Please do not hesitate to contact me with any questions.

God!
