

Automotive Bodywork amp Painting (Helena)

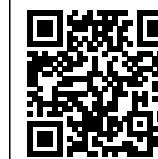

Location

Montana
<https://www.genclassifieds.com/x-694275-z>

If you are tired of your auto project just sitting in the garage collecting dust or you just think its time to refresh an older paint job give me a call. I moved to Helena 3 years ago but have been building cars and pickups for over 30 years. I do high quality body work, paint, build street rods and have redone several older corvettes also. I have installed modern suspensions in many older pickups and cars. I only work on 2 projects at a time so turnaround is about 8 to 10 weeks depending on condition of the project. If your thinking of freshening up your ride, call and lets talk about it. Pickup and delivery is possible with an enclosed trailer. If interested give me a call at 406 - five70 - seven249 and we can discuss what you need.
