

Volvo needs new Catalytic Converter Welded (Portland)

Location **Oregon**
<https://www.genclassifieds.com/x-694383-z>

I have a 2003 Volvo V40 wagon that needs the secondary catalytic converter replaced its a simple job that requires GOOD welding.

I have the new part and I just need someone to remove the old one and weld the new one in.

I will pay cash but I want to make sure YOU have the proper tools, ramp etc.

Email me a name, contact # and what you will charge. I am not trying to low ball anyone but I am currently not working and WILL pay for your service. Prefer someone local Portland/Gresham/Happy Valley. The car IS driveable.
