Hello!

My name is Rebekah and I am Presenter for an amazing company called Younique! Amazing products and an even more amazing company! I'm looking for some rockstars to join my team to share this opportunity and sell our products! The best thing about it is this business can be ran from the comfort of your own home Facebook, Twitter, Instagram and Pinterest! Whatever you prefer for your social site now you can socialize and make money at the same time! Could you handle receiving your commission within 3 hours of a sale? Baby out of diapers in the middle of the night or mommy need a new pair of shoes? You heard it right! 3 hours from every sale on your website you are paid your commission onto your very own Younique Visa Debit Card!

Your thinking oh no not another at home business! Give me 10 minutes of your time through email text or phone and I will tell you why I am so excited to be a part of this company!! I was the biggest skeptic of them all coming from a WELL KNOWN home based makeup business..well I'm glad I listened! So whether you want to make a little spending cash or gain complete financial freedom the choice is yours! At least allow yourself the time to listen! I look forward to hearing from you!!

Rebekah H

PS: If you would like you can google Younique and our 3D Fiber Lash Mascara, its one of our best selling products and our company was built around it!
