

Uber is building out New England brand marketing teams and we are looking for representatives for 2015-2016.

Uber's Brand Ambassadors of New England (BANE) offers an opportunity for savvy marketing gurus to earn money and promote technology providing safe, reliable, on-demand transportation.

Each marketing representative will be compensated for every new user they acquire which is tracked by a personal code.

You have the freedom to promote however you believe will yield the best results.

Each week, successful reps will have the opportunity to meet with a Boston based Uber Marketing employee to discuss wins/losses as well as share information gathered from the field.

Additionally, top performers will have increased opportunities with Uber in the future. We are hiring new managers all the time!

If this is something that piques your interest, please contact me when you are next available. This is a great opportunity for college students interested in building a career in tech/start-up marketing!
