Hello there, I am looking for someone who is really really good at selling to businesses either by phone and or in person. I am an all inclusive digital marketing agency with everything literally in place for us to hit a home run with helping local businesses with their sales by putting into place winning internet marketing campaigns such as Search Engine Optimization, Social Media Marketing and Pay Per Click Marketing to name a few.

If you are super skilled at talking to business owners and are passionate about helping them win by growing their companies, I'd like to speak with you. You would have the ability to work from home or remotely once I get you up to speed with the specifics regarding all you'll need to do. I will pay you handsomely one time payments as well as monthly residuals depending on the particular service or packages you are able to sell.

We can talk about the details over coffee or something similar. I'm wanting to find someone sooner than later so if you are interested and are hungry for taking off with an opportunity such as this then go ahead and give me a call at to discuss in greater depth and to possible set up a time to get together.

I look forward to connecting with the right people and until then take care and have an awesome day!

Yours for growth,
Tim J
