Used to own a Used Book Store in South Beach, called "Kafka's". It originally started off as a Book Store, but now has evolved (sigh) to a Internet Cafe.

During my ownership, I collected a fine selection of coffee table books, of art, architecture, design, etc., numbering about 300-400.

I wish to sell them in large blocks, or the whole amount for a good price. Excellent condition; most of the books originally sold from \$40 to \$75. Please help, there seems to be a fire starting!

Will not sell small numbers, if you don't mind.

I am attaching a few that I picked out of the.
