Extra Handsome a.k.a. 'Cash'. 18 year old 14.3H Tennessee Walking Horse gelding available for adoption. This horse has been boarded on my farm for over 8 years. His owner can no longer afford a horse. I only have a week to find him a new owner! He's safe, sound, and bombproof. I've trained this horse off and on over the past 8 years so he has lots of professional training put in. He's a proven show horse in both 2-gait and 3-gait classes, english or western. He most recently showed this past spring and won the 3-gait division. BEAUTIFUL walking horse gait and canter. Smooth and 100% natural. He's given lessons and trail rides to numerous beginners including small children and special needs kids. He has previously injured both of his hind suspensory ligaments (the last injury was 2 years ago). As a result he needs to wear 4 shoes, and has a weight limit of 150 lbs. He has been sound since he healed. Ideally suited for a child or small adult. Great confidence builder! Wonderful manners and easy to handle for anyone. Very sweet and loving personality. I would like to find someone who will keep him here. This is his home and he's very happy and well-loved here. We are available to show him to prospective adopters this weekend. If you give him a chance you won't be disappointed.

Prospective owners must sign an adoption agreement. We WILL NOT adopt him to anyone out-of-state. References and farm check will be required if he's not staying.
