Two family home with three, possibly four bedrooms and three full baths on each side with separate full finished basements. Nearly 2000 square feet of living space on each side. You find another house like this one. If you are looking for a great investment property, or if your family may benefit by combining housing this property may interest you.

The lot is nearly one acre, has a large porch in front and each side has a divided deck in the back. Other features include vaulted ceilings, all appliances including dishwasher and central air. There are hardwood floors in the main part of the house, carpeted bedrooms. The third bath is downstairs where there is an office or a possible fourth bedroom, a large utility room with a laundry tub and washer/dryer hookups. There is also a separate storage room/storm shelter downstairs. The large open area in the basement makes a great family room or this space allows for a small apartment separate from upstairs. Again each side has this identical space.

Great location only minutes from Miami Township shopping and I-275. Goshen Local School District.

This home will be shown by appointment at your convenience. Please call Terry or Marlene at
