Read this post on imgur. this is the kind of sick fucks that lurk here every day looking for free pets to torture or mutilate.

ALWAYS ask for a rehoming fee! If someone cant afford a small 50-100 rehoming fee, that means they also cannot afford to take them to the vet for shots, get fixed or for food!

If you need to rehome your pet, take it to a no kill shelter! they will do the leg.
