Hello everyone,

I am looking for a model who can do quick social media posts, videos, etc. for my real estate company. No prior experience necessary.

When we film open houses and film interiors of homes I just need a great person to shoot quick, great videos. We will shoot, edit and light the videos I just need someone with a great presence for the talent.

Just looking for high-energy and a big smile. Really simple job, \$50 an hour.

Also, I am looking to train 2 new agents for the upcoming year to become agents with my company. I am looking for people who want to succeed and make 100k+ a year.

Thanks for your time,

- James
