(Hello again) Mid 50's mid skilled Tenor Sax seeks < Trumpet or Guitar (or both) for some Pluckin' & Tootin' (or piping up) to some Smooth Jazz stuff. I have a decent place to coordinate, relax and practice, complete with Sound System, mics and more. (Let's do this up for the Ladies)
 We'd could do Duo/Solo stuff, backing each other and/or with backing tracks (or expand to a group). It can be just for fun or.... we can see about getting slightly serious.
 If you live in the area, please send a reply. Crystal/New Hope/Plymouth/Golden Valley?
