Free cat, we've been calling him Sebastian. A friend found him about a month ago and hes been staying with us but unfortunately its not working out with our dog. He's an older cat with no microchip but we dont have any kind of details on him since he was a stray. He is very cuddly and friendly and LOVES attention. Litter box trained and non-aggressive. He will come with a litter box, litter, food bowl, food, a cardboard scratcher and.
