

# Older Kittens amp Adults Need Homes Too (Sayreville)

Location

We have some absolutely wonderful adult cats who need homes. They are often overlooked because of all of the adorable kittens out there. But kittens are a lot more work than people realize sometimes. They climb, and get into things, and play non-stop, which can be overwhelming for someone who is just looking for a calm couch potato companion to share their life with. Not that all adults are couch potatoes either, but some are that way. They definitely are more relaxed for the most part, than kittens are. All of our adults are fully vetted, and spayed/neutered..

Please visit our website at [www.arf.petfinder.com](http://www.arf.petfinder.com) to see all of the wonderful adult cats that we have rescued, and are in foster homes, waiting for that special someone to come along.
