Hey guys/gals,
We are a gay couple that are getting married on Friday the 9th from 2 to 8. My cousin is also getting married on the same day kind of a double ceremony lol. We all are doing the courthouse marriage and then some events afterwards.

Being as though I was a photographer and currently am a graphic designer, all I need is the photos I would be doing the editing.

I would really like some good photos particular some nice depth of field focusing photos and shot in RAW format of course.

We cant really afford the professional prices unfortunately due to finances but if possible we can do either a few things as a barter system. I can pay also if all else fails :).

What we need photos of:
The court house marriage
Some photos in the park near the event
Dinner Photos at Cafe Luna (all expenses paid) and horse and carriage photos also.

We all are fun and crazy and would like someone with like minded attitude that can have a good time. My Partner and I are also going to the night club later that night inwhich you are invited and all drinks on us.
