Wanted someone who can work with me on a room to rent,small apartment or house. I have a full time job working at a pharmacy in OKC. I'm a 38 year old woman that is unfortunately down on my luck at the time. I have no background, very clean, no drugs, drink on special occasions, I do smoke but outside. I also have some credit issues from years back. I'm needing someone to maybe work with me on a place to rent on payments until I can pay full rent in 2 weeks when I get paid. Any help would be appreciated. Please email me with any potential opportunities. Thank.
