

Laborer with full size pick up truck will move anything anywhere (Lakewood)

Location **Washington**
<https://www.genclassifieds.com/x-695550-z>

Dozens of people have already saved THOUSANDS of their hard- earned money since they hired me for my service. Don't let the corporations like U-haul rip you off till the last cent, I meet or BEAT U- HAUL RATES!!! If you have something to move, pick up or bring in, and I mean just anything (furniture, garbage, metal scrap, wood etc.)- just let me know. Also can make any types of deliveries. THE CHEAPEST RATES in the area, don't waste your time to look any further! I will load and unload everything by myself that can be picked up by two hands. I have a securing gear and a cover to protect your things from rain. I have a 6000 lbs trailer ball hitch to help you move your trailer for any distance, I can even help you to move your apartment if you rent a trailer!

Here are some tips to save each others time:

- 1)I work alone, so I might need help from YOUR SIDE if the item requires two people to handle it.
- 2)Include as many details about the cargo as possible (dimensions, weight, etc.) and how many trips in your opinion it will take to haul everything you need.
- 3)I do not work with Goodwill. They are strict there, and EVERY trip to Goodwill ends with a trip to the dump. So to save each others time and money I suggest you to consider the dump trip in the first place.

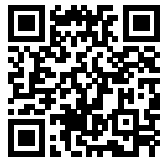

I also can do any kinds of general non- skilled labor: digging, demolishing, painting etc. I might need some of the tools from your side though. I can help to load or unload the rented truck and I can even drive it for you for any distance, I worked for the moving company and I have an experience in things like this!

I have a chainsaw and know how to use it. Can cut, split and stack firewood for you for the upcoming winter. I am not a professional logger, but I can cut the basic stuff for all a couple of hours if the weather is good. I can also help you with the winter prep work.

For commercial organizations I charge 15\$/hour to start. And before you think it is too much, I guarantee you that I will return you get a strong, tough, reliable labor machine that has an experience of working in the most difficult working conditions you can imagine. Call for references and discussions.

I am very reliable, punctual and fast, I do not cheat, cut corners or stretch time, I work till the fullest satisfaction of the customer and I GIVE A GUARANTEE for my work.

RATES: 13\$/hour for general labor, 15\$/hour if using the chainsaw; using the truck- fully negotiable depending on distance, number of trips, type of cargo, time for loading/unloading etc.

Do not hesitate to call, text or email, if I don't answer the call- please leave a message and I will get back to you as soon as I can. Thank you
