1986 Chevy Monte Carlo  
 350 w/ 3 speed auto  
 Newer paint job

Fiberglass cowl hood  
 Tires / battery brand new.

No rust ! Will pop the trunk and get a couple pics.  
 Car is in good shape. Fires right up. The duel exhaust sounds mean.  
 This car is quick and fun to drive.

The interior is in good shape. The ceiling needs to be reapolstered.

Make it a restoration project or just turn the key and drive it. Really don't have to do a thing but enjoy it. If your partner does not like it, the hood stand safety device easily converts back to a broomstick. Then everyone has something to fly around on!
