## **Missing Cat (2 USD)**

Location **Washington** https://www.genclassifieds.com/x-695569-z

Scout is a 5-year old, brownish-grey and white tabby. She is small, very friendly, and has one green eye and one blue eye. She typically wanders around the block of 2nd Ave W and Howe on Queen Anne, and always comes home. It's possible she could have wandered a little farther and gotten lost or was injured and is hiding out in someone's yard. Please keep your eyes peeled and check around your houses. Scout is very important to me.

A reward will be given if she is found.
