

# I Need Licensed Plumbers (Denver)

Location

Wyoming

<https://www.genclassifieds.com/x-695620-z>

Small commercial contractor looking for good licensed plumber or master plumber with hand tools who is knowledgeable in all aspects of the commercial construction field. I pay good wages depending on your abilities, knowledge and experience. Right now I am extremely busy and I also have full time and part time work (which could become permanent) and need good, dependable plumbers in the Denver Metro area. A truck with LoJack may be available if you possess Plumbing License, accurate experience and a valid drivers license with no major violations. Employee Hourly time ends each Wednesday and you are paid every Friday. Uniforms are furnished at no charge to the employee.

Please be able to limit smoke breaks, do not exaggerate your qualifications and stay off your cell phone on the job.

I have been in business for over 30 years with no complaints to the BBB and great contractor references. I have 6 paid holidays and one week each year of paid vacation. Looking at Insurance for Employees in the next year for employees. I am a very good company to work for with Level Headed Hardworking employees.

Phil
