We are looking for an investor or silent partner to help us open a themed concept bar in Kenosha. We have our business plan with a good ROI for the individual who is able and willing to be part of this. We are looking to get this project started right away. The investment amount we are looking for is \$750,000 with no more than an 8% interest rate with 5 year terms. If you wanted to come in as a silent partner we would be willing to give a 5% interest rate and 10% equity in the business. We strongly feel that our concept will be very successful here in Kenosha and will be the highlight of the bar industry. If interested in being part of this please send an email. Serious responses
