Greetings,

I am looking for a painter to come today as soon as possible to finish up two rooms. This will take 3-4 hours to finish both rooms and I will pay \$20 an hour. (plus a tip) I have the paint and supplies. I have put Kilz and a first coat on but the touch up needs to be done in addition to a first coat in the secondary room. If you are honest, hard-working, intelligent, and a forward thinker who has an eye for attention to detail, please respond to this ad immediately. I will also have other painting projects at my other home, and my business as well if your work is excellent.

Thank
