

## **Special care needed (Valley)**

Location Alaska https://www.genclassifieds.com/x-695731-z

So I'm a single and very busy father. Who has a lot going on and could use help from time to time. I pay well for good work, but I expect people to work at a high level and be professional. I won't beat around the bush too deeply, because I'm specifically looking for a young pretty woman, and yes their are ulterior motives. Like I said it pays good, probably better than any part time job you might find. I'm a straightforward and kind person, and hope to find what I'm looking for, something benificial to everyone involved. Please respond with age in subject line and a picture,!
