We have been caring for an abandoned Husky Puppy Mix named Sasha who is 8 months old. She has one light blue eye and one light brown eye which makes her very unique she is great with other dogs and kids. She was raised around other animals and children and is very gently and sweet. She doesn't bark. She is about 30 lbs and is a sweetheart. SHE IS POTTY TRAINED and will whimper to let you know she needs to go outside. I have taught her how to sit, speak and shake or give paw. She is a Shepherd and Husky Mix and is extremely smart and loving. She loves to lay next to you and let her soft coat brush against you. She comes with the Pedigree Puppy Food she has been eating and her steel brush to keep her coat smooth. We need to find her a home soon as we are moving and do not want to place her in a shelter. We are only asking for a \$155 adoption fee which is not even close to what she is worth, but the amount we have spent on her food, and shots etc. Serious inquiries.
