Hello,

I'm a hard-working, funny, easy-to-get-along-with lady of 28 years. My 45-lb. dogs, Juno--an 11 year-old male chow mix--and Fitzy--a 9 year-old female terrier mix--are great companions. We are looking for a short-term, furnished room for the rest of the month of October, move in immediately. Non-smoking please.

I am gone at work during the day from 9:30-5:30 in Mountain View, and an ideal situation would be if the place was within 15 or 20 minutes from my work (near the Googleplex) so I could come home during my lunch hour and walk the dogs. If you're living farther away than that, I would be open to paying you to walk them once during the weekdays. Sometimes it's possible for me to bring them to work, but I have to keep them outside and can't count on it regularly. Having a fenced backyard would be a plus.

\$50 per day is the max I can pay, utilities and dog walking included. I will take care of your dog(s)/pets whenever I can.!
