Unbelievable find!!

I have some heavy duty wall cabinets for sale. These came out of a hospital that was being torn down. They are very heavy duty and constructed superbly. They are constructed of all 3/4" sides, tops and doors. The hinges are heavy duty as well. They would be perfect for your garage, shop, laundry room or utility room as well.

I have 2 wall cabinets that are 36"W X 10"D X 35"H (\$50 Each)

I have 2 wall cabinets that are 27"W X 14"D X 30" H (\$50 Each)

I have 1 heavy duty, two piece metal wall cabinet that is 55"W X 12"D X 30"H (2 piece unit \$75)

The wood cabinets have two shelves each. The metal cabinets have no shelves.

You will simply need the pegs to hold the shelves.

DON'T MISS OUT!!
