Price if \$3.50 per box of 2500 individual staples - I have 16 boxes for sell as I am no longer in a business to use them. They are copperized, 1 1/4 crown, 5/8 leg. I used them for Coroplast Directional Signs for home builders. I believe these staples sell for near \$7.00 per box at a supply store. If you want them shipped to you I can give you a price to do so which will be what the USPS charges. I also have two Josef Kilhlberg staplers listed for sell on Craig's List. Order Number on the carton is 38430.

Weight for shipping so you can check how much to ship to you location - 4 pounds 2 ounces per box and 42 pounds 2 ounces for the large box containing 10.
