This not a paying gig. I am a film enthusiast looking for other film enthusiasts to collaborate on film ideas to put into action. I have many scripts that I've abandoned over the years, some of them in my opinion pretty good. It's been months since I last worked on one.

With the right group of people, each bringing their own creative drives and perspectives to the table, we could accomplish something great.

If you are interested in this endeavor and wish to talk in more detail please contact me.
