Sweet dog, We are moving across the country and the dogs where we are staying do not like dogs! He is mainly outdoors but will come inside to snuggle. they was born 6/7. Both of their eyes are black. they have full AKC registration. they have been vet checked, dewormed and vaccinated - you will receive all of these records upon adoption. they are very playful and well socialized to people, other dogs and our cat. they are housebroken and crate trained. Mom and dad are both on site.He is so sweet and we are very sad to not be able to take him with us. He is fixed as well. He is a very beautiful boy with pretty black eyes. Good with kids and nice calm cats, may take some time of course to get used to cats and other pets and animals.bathroom for a few days and let them come out by himself, excellent forever family to grow up with! Only serious.
