Are you overwhelmed by too much stuff? Not enough time or space?

Creative, energetic support person with upbeat, positive attitude will help you get things done quickly and efficiently!

Reduce stress, save money and save time (your most valuable asset):  
 I'll help you downsize, clean and organize your clutter, paper problems, garage, closets and cabinets, and help you pack or unpack.

By organizing, consolidating and making efficient use of space, you'll end up with more of it that you can use for living and/or storage.

Incorporating Feng Shui (auspicious placement) and QiGong (energy practice) into my work, I'll help you transform your place into a peaceful, harmonious space where your body and mind can relax and you can enjoy life.

If interested, I can also help you easily transition to cost-effective, natural, non-toxic cleaning products which promote better health.

Confidentiality is guaranteed and a kind, non-judgemental attitude is something you can count on.

I come with great local references and resume and would be happy to share them with you in a personal interview.

Mahalo!
