

# SEEKING RELIABLE HONEST APPLIANCE REPAIRMAN (KCMO)

Location **Kansas**

I'm seeking a reliable honest appliance repair person. I need mostly washers fixed with some dryers and occasional refrigerators. I've had trouble finding a repair person that is a fair price and fixes in reasonable time. I prefer if you have several or your own replacement parts or have good resources to get them at low prices. I prefer to be able to arrange flat rates per each type of repair and free diagnos. I prefer someone in N KCMO or Independence area. I normally need 3-6 machine fixed per week. I am in process of ramping up so it might be more this summer and 1-3 fridges to repair per week. Please give brief description of your experience, what kind of prices you'd like to get & location/number so I can contact you. Thank you.

key word: repairman, appliance repair, washer repair, dryer repair, fridge.
