Thinking about a kitchen remodel? Don't pay 5-10k or more in labor cost. Then pay someone else to design & draw it up. And wait weeks for it all to be done. I do it all. I'll sit down with you discuss any changes you'd like to make, draw up your new kitchen & make a list of the cabinets & materials you'll need, even go with you to order your new cabinets. Then when they arrive, (We can pick them up same day from some places) I'll tear out your old cabinets & countertops, install your new cabinets, (Up to 30LF) for just \$1990! No add ons, that's it. And with over 25 years experience & lots of glowing references, your satisfaction is guaranteed!

Call Scott at True-Craftsman Kitchen Remodeling for your free estimate!  
All Finish Carpentry done also. Crown molding, base, door & window trim etc.!
