Apex Systems is seeking strong IT techs for a contract role in the area. **Please note this is a part time project with a very large well known client** Candidates will be replacing printers that have expired warranties. Seeking an individual that has some IT background (preferably experience with printers) that can come in and set up the new printer. There will be instructions and a help desk to call, but tech will be tasked with ensuring the printer is up and running as well as connected to all of the computers throughout the branch. Tech will also be tasked with updating the team at the end of the day with what went well, what got completed, and where there are issues.

There will be some local driving to client sites. Tech must have a reliable vehicle and a clean driving record. Tech must also be able to pass a background check, drug screening and provide driver's license and summary of car insurance policy.

If this is something you are interested in, please reply with an updated copy of your resume in a Word document and a good time for a phone.
