Classic BMW e28 for sale. Runs and drives. Heat and AC work. Has body damage to front end and clear coat is peeling off on hood and both front fenders. Needs new alternator. Odometer reads 146k miles but does not work. Actual mileage is close to 200k. I will install alternator if vehicle is purchased as long as you provide the parts. Good parts car or daily driver. This engine is known for its longevity and will go well over 300k.
