

Certified Mold Testing (Boston)

Location **Massachusetts**
<https://www.genclassifieds.com/x-696197-z>

If you feel your home or business has a mold issue but are unsure where to start, having mold inspection & testing performed by a certified mold inspector can help you determine exactly what species of mold are present and the quantities. We will also provide a step by step guide for what needs to be done in order to fix the issues or provide a clearance letter if conditions are normal.

MI&T is the largest and most trusted mold inspection company in the nation.

Visit <http://mitmold.com> or Call with any questions and to schedule your appointment.

We will BEAT any competitor's!
