So... what is wrong with people these days?! This d-bag is demanding someone to install a brand new radiator on a vehicle he didn't list (implying it's probably not a typical radiator swap)... then he states he'll pay \$50 no negotiating and it has to be done within 3hrs or he won't pay.

HAHAHAHA!!!!

For 1, any real mechanic that knows what they're doing is not going to install a radiator for \$50.

2. It needs to be done in 3 hrs or you won't pay? Lol. This states right here, that it's probably AT LEAST a 3hr job.

3. You want your car fixed right, pay to have it fixed right, or take it to the junkies and let the f\*ck it up even more!

4. Real mechanics don't work for free! your \$50 is a fucking joke!

You're probably one of those dump trucks that would sit and watch every little move done, on your POS.
