This 100% luxury renovation in hot Point Breeze, South Philly, where in this same block there are 3 other total renovations, will be ready by October. Come and take a look, preorder and make it even more the way you want it, if still feasible. It's a large 2 story with a balcony, basement with shower, 1400 sq.ft. row house with a unique modern contemporary design. Has central AC, hard wood floor, washer/dryer, and stainless steel appliances. Must see to fully appreciate. Please email me to make an appointment to view the property. Thank you.
