Our little adventurer has not been seen in 10+ days, we hope for the best, but are fearing the worst.

He is usually seen roaming the land near Red Wagon Plants on Hinesburg Falls Road.

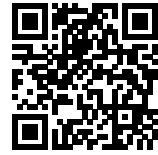

He is a 1 year old, Orange Tiger Cat named Sea Bass a.k.a Seabs.

He has no collar on - he never comes home with one, so we just stopped putting them on him (we think he prefers au natural anyway, he's a rebel).

He is pretty small, we believe he is the runt.

He is a bit larger now than he is in the picture, but still a li'l guy.

We miss him dearly, as does our dog.
