

# Photographer Needing Models(male and female) For art pieces (all Wyoming)

Location **Wyoming**  
<https://www.genclassifieds.com/x-696602-z>

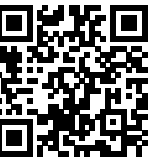

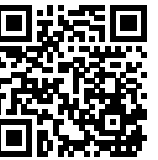

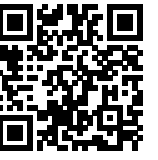

I am trying a new direction with my photography to try to get it noticed more. The new direction is using Wyoming Local Men and Women in a few different photo series's. This is for art pieces, not Modeling gigs or advertising.

I am wanting certain looks for each series and am more concerned with getting locals than I am getting professionals. I am willing to pay(hourly or Set shoot price, negotiable), and it is different depending on each shoot(some are longer and more involved). Also if you are an aspiring model I am willing to work out helping you with photos for your portfolio in exchange for your help.

Here is a list of some of the shoots I would like to do.

- \*1920s Logging and mining Industry(men and women Muscular/workers build,)
- \*Mother Nature(women, would like to find a brunette for spring, blond for summer, red head for fall, and then whitish hair or a white wig for winter. Or a woman to dye her hair for each season)
- \*Latigos/lariats and lace ( women, needs to be ok with horses and the out doors)
- \*Whiskey Wild (men and women, Different shots centered around Whiskey bottles)
- \*Angels, devils, and cowboys( men and women, Focusing on the points when the good or bad decision is usually made.)
- \*Country Boys(men, Beards a plus, mostly out door shoots.)

If you're interested Please get a hold of me through here. Please let me know where you are located, which shoots you are interested in, and include a picture. The return e-mail will be coming from Whiskey Wild Photography. Thank you very much and have a great. :)
