Hey! I know this is a long shot, but I am still missing my black cat.

We moved to Little Flock, and she did not adjust well and ran off. I can pay a small reward if she is found! Please let me know if you've seen her. She is all black, but can look dark brown in the sunlight, greenish yellow eyes and has a deeper meow. She's half Persian/ half Burmese and is dearly loved and missed.

Thanks for your time!

Pls email or text me at 4seven9-nine81-twozero47 if you have any info.

God bless!
