Looking for a group of talented studs who would like to create a all performance group. We would be the magic mikes of the butch world. We would not strip naked. This would be fully for visual excitement. Seeking butch women who are very versatile in music and dancing. This would be a group of no more then 5. We will work together to book gigs that will take place mostly during the weekends and at night during the week. If you have any experience performing in drag king shows is great. We would also be looking for a talented DJ. If you want to be idealized and show everyone out there that we are not freaks. That we can be sexy, desirable, and wanted, then you should get involved. Pay is defiantly possible depending one a good show and.
