I am in search of Short Amateur Models for multiple different photographic projects.

Most models are stereotyped by having to be tall, but why does that have to be...

There is beauty in shorter people as well. So I want to explore the other side of modeling, to go along with the projects I will use the pictures for.

Must be between 5'4" and 4'10" tall

Must be of Caucasian, Latin, Mexican, Asian, Indian, Native American, Chinese, Thai backgrounds.

Others may be accepted.

Must be over 18 years of age

Images will be used for competitions and nothing else. All entered photographs will be approved by you before they are entered. The images taken will NOT be released on the internet or anywhere else unless approved by you. (We will sign forms stating this)

Please send me an initial message if interested, including your:

- Full Name
- Age
- Height
- Ethnic Background
- Any Links To Recent Pictures Of You, or Attach At Least 2 Recent Images Of You
- Days/Times Of Your Availability
- Your Current Location

Thank You In Advance I look Forward To Working With!!
