Currently working on a short film featuring extreme sports. I have a jump spot in mind that is 400m tall.

I hope to find someone interested in this not because of money, but because of adventure and enjoyment of life. I can't offer much in terms of money, I can cover expenses such as gas, food, ect. I have no deals locked in for the final film but have had many offers. I expect this film to get on the news and get 10,000+ views.

Let me know any questions you may have, I've purposefully left out some key details in this posting. The jump will take place within the month. I enjoy working with positive, light hearted people trying to get the most out of life.

Look forward to hearing from you!.
