

Small yardwork job (Market amp Communy)

Location **Mississippi**
<https://www.genclassifieds.com/x-697097-z>

Looking for someone to mow a very small yard, probably 10' by 20' total or so. Simple job, nothing special needed.

In addition, I am also looking to use a hole saw (1" and 2 1/8") for a quick hole drill in a door. If you happen to have the ability to let me use these bits while you mow (I can drill myself), That is something that would be appreciated, and I can pay a bit extra for.

Looking to have this done in the next day or two, and anyone with the hole saw kit would obviously get preference.!
