

Two **STRONG** Movers Needed (Winterport)

I am bringing a small load of antique furniture into my home (date to be worked out). There is also a gun safe- not a huge one- that is to be moved. Requirements of the job are 1) I need a two-man team- so discuss this with a friend. I don't want to hire two people separately. 2) You must have experience or knowledge of moving fragile and valuable furniture. Nothing is to be dragged or dropped or carelessly handled. 3) You must be absolutely reliable to show up on the day agreed upon.

It isn't really a huge load- safe, desk, bookcases, cabinet, chairs- I'd be surprised if it takes 90 minutes for us to unload it- I'll be assisting. But I will make it worth your.
