Calling all Bobcat Operators!!!

Come work for a local snow and ice company that appreciates their employees. We realize the people that work for us are the ones who represent us on the job. We realize that hardworking, common sense, trusting people with an uncanny sense of urgency are sometimes hard to find. When we find them we want to make sure they will stay with us for years to come. We need operators for our skid steers and loaders \$25 an hour plus overtime paid weekly. We are looking for Owner Operators of 2 Speed, Larger Frame Skid Steers less than 6 years old.

We pay \$70.00 to \$80.00 Per hour (4 hour minimum)

We pay within two weeks of the job

We offer more hours than local towns and other snow and ice firms

You will get one site and you will be on that single site for the entire winter

We offer security for your machine if left on site

We have an awesome summer boat cruise for all of our employees and vendors to join in on

Most of our employees and subcontractors have been with us for 5-15 years. If you have the qualities above then please call.

Jeffrey Rotberg at 978-530-314zero or reply to this ad for more details. We are signing qualified operators up now for the 2015-2016 season.
