Other than the links below (videos) you can see all the pictures (well not all) I have thousands of these pictures... <https://abrooklynhaunting.shutterfly.com>

I have the story of the 20th and 21st century. Why God has chosen me to prove that the paranormal exists I have no idea. He always has a tendency to pick people who in HEART really want nothing to do with the job lol. I never did. Never cared about ghosts, demons, etc. In the 49 years I am on this planet ANY of my friends would attest to this fact. As my daughter watched these ridiculous shows I would say " what a bunch a bs "

If by some chance you are the media that see this? Lets talk...

The pictures you are looking at in the ad (I) this picture is of my refrigerator. As anyone can see there is a normal looking refrigerator with normal pictures and then there is another part that is dark, evil, can you see what they did to the pictures? This is NOT matrixing. I have looked at every single matrixing pictures on the planet and NONE are anything like this. (II) This is a picture from video of Kit, she is a little girl who haunts this house, more like condemned to it for some reason. You can see her nose, eyes, cheeks, everything. Do you see the spectral lights coming out of her nose? and then (III) The face of the old lady who came through my mirror. The video is below.

The gig: and this is a REAL gig so need for you people to block it, flag it, etc. So many other worth wild ads to flag, (you got your pimps, prostitutes, pedophiles, freaks) go have a party. I am looking for someone that will meet with me in person (so I may show them something) after they will be MOTIVATED to go an beat on the doors of the media as a third party. Someone that is not connected to me at all. You call them up on the phone (talk shows) (Magazines) (producers) etc, and get them to give us a sit down. At which point I will show them the irrefutable evidence of life after death, ghosts, demons, Angels, all of it. ALSO looking for someone to PROMOTE the Youtube channel. There is a woman that plays with toys and makes 23M a year on YT! We will bring the WORLD something far more entertaining than playing with toys.

This story would be awesome for the Enquirer... or any magazine. Where does it say " A magazine must only put stories according to its format "? There is ONE thing the WORLD loves and this to be SCARED out of their minds! This story will give them that!

So if you are one of these professionals, or just someone that is good on the phone, lets talk! and maybe this Xmas will be one you want to celebrate and not one you SLEEP through :(
