Thank you for reading my ad. I am searching for models for different concepts for glamour photography. I am wanting to do a few different themes including earthy outdoors photos, "girl at home", vintage pin up, and several other things. I'm open to race and body type. Model provides hair and makeup. If you would be interested in working with me, please respond with a few photos and we can talk out the details. In exchange for your modeling I will provided you with ~10 or more edited.
