CAD Drafting & House Plans that are inexpensive with service that is un-matched! I've been designing homes & drawing house plans for 15 years now with an extensive background in construction. My rates are just .60 cents per sq. ft. (living footage only) & \$35 / hour for hourly CAD work. I also have other discounts on pricing making it even less! Engineering is NOT included. I also have numerous plans already drawn that you can purchase for just \$200! I guarantee all my work through the city. No job is to big or too small. From multi-family units to smaller starter homes to multi million dollar homes & everything in between! If you need plans, just hit me up & I can have your' preliminary done within 48 hours! Nobody's faster, and no one's doing it for less! Come check me out, call or text Tom @
