GM Car Repairs (milton, vt)

Location Vermont https://www.genclassifieds.com/x-699404-z

I am an ASE certified technician and I am looking for side jobs. I can do Chevrolet/gmc brake jobs for nearly half of what a dealer charges. I am also very skilled at extracting exhaust manifold studs from aluminum cylinder heads on 4.8/5.3/6.0L engines.

need you vehicle checked over for state inspection? i can do that too!

If you need the same work done by a dealer at half the cost, shoot me a txt with what u need done!
